Phone: 0997 - 427 - 0351 | **Email:** lestervergaraamores@gmail.com | **Portfolio:** <https://lester-amores.github.io/Portfolio/>

SUMMARY

Web developer experienced in building responsive, multilingual applications. Skilled in API integration, CI/CD workflows, automated testing, and data processing. Focused on delivering clean, scalable solutions with strong usability and performance.

WORK EXPERIENCE

Junior IT Engineer (Web Development) | June 2024 – Present

- Developed responsive full-stack web applications using Laravel, React, TypeScript, Tailwind CSS, and Docker, with RESTful APIs, MySQL databases, and i18n support for English and Japanese.
- Designed UI components in Figma and implemented features with a focus on usability, SEO, localization, and performance tracking via Google Analytics.
- Managed deployments, servers, and CI/CD pipelines using Git and Docker; maintained code quality through unit and integration testing.
- Built tools like a multilingual Slack app integrated with ChatGPT, automated data scraping with Python, and organized datasets via Google Sheets and Excel.

Freelance Web Developer | Aug 2023- June 2024

- Provided full-stack freelance web development services from August 2023 to June 2024, designing and building responsive, user-friendly websites and web applications while implementing SEO best practices to enhance search visibility and managing the entire project life cycle from planning and development through deployment and ongoing maintenance.

EDUCATION

Bachelor of Science in Computer Engineering

STI College Balayan

Balayan, Batangas 4213
